**Understand Student Rights and Privacy**

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records.

To release records to a parent, the student must complete a FERPA Release of Information: ferpareleases.indiana.edu/new-release

---

**Assign Access**

In order for a third party (parent, spouse, etc.) to view a student’s information, the student must complete setup of a third party user account. The student may choose to grant access to their bursar bill, 1098-T tax form, grades, and financial aid information.

Students log into One.IU to designate access.

---

**Complete Immunization Compliance Form**

Indiana law (IC 21-40-5) requires students on residential campuses to provide proof of their immunization status.

Postponing compliance may lead to a delay in future registration.

Students log into One.IU to complete their immunization compliance form with Med+Proctor.

---

**Plan Ahead**

Consult the course schedule and academic calendar to avoid conflicts with final exams. Access the final exam schedule: https://registrar.indiana.edu/calendars/exam-schedule.shtml
